Rick,

I am pleased to inform you that at its February 2, 2007 meeting, the Colorado Commission on Higher Education voted to approve a change of authorization status under the Degree Authorization Act by giving Rivendell College Category II state authorization. This authorization is based on Rivendell College's demonstrated reasonable and timely progress towards accreditation.

Category II classification allows Rivendell College to accept students, offer instruction, award credits towards a degree, and awards degrees as long as Rivendell College continues to demonstrate maintaining reasonable and timely progress towards accreditation. The Category II authorization requires that Rivendell College host an on-site accreditation visit within 24 months.

The Commission thanks you for your continued communications and looks forward to working with you in the future.

Sincerely,

Matt McKeever  
Degree Authorization Act Officer
